

Home and Cottage Packages

Sculpt your own space with a unique custom home package from Paragon Homes, built to best practices by NITOR

NITOR can create, supply and build your custom Paragon Homes Design & Material Package based on your specific tastes and needs. A Paragon kit offers the best, fastest and most economical result when building a custom home, particularly when measured against typical conventional home, log, and timber suppliers. Our close affiliation with Paragon Homes allows us to provide you with factory direct pricing.

A Paragon Homes package includes many features not typically available from lumber yards or specialty kit suppliers:

- The most customizable kits in the industry including timber frame, timber hybrids, log and cedar
- Pre-cut, organized, top-quality lumber and labeled materials for faster construction and less waste
- 3-6 months price protection depending on your build schedule
- Partial financing to lock-up to match a construction loan
- The widest range of structural and finishing materials
- Paragon Homes lifetime structural warranty
- Excellent prices based on buying power
